## Hasten Their Homecoming...Buy a Bond!

### Cigarette Fund Notes

Dear Friends: And hello to Coleman. Just a few lines to say I am keeping fine. I have really been busy trying to take food up to the boys just as hot as we possibly can take it up to them. We really appreciate the parcels of cigs. I can say without doubt that all of mine are not reaching me. It must be the address you are putting on them, I believe I have received one parcel of cigarettes in the past four months.

Tell Tommy Rose that I would not mind a game of darts with him, also I wouldn't mind a game of cards with Mickey Joyce, how is the old beggar anyway? Say hello to Max Stigter for me. Does Bob Penman, Bobbie Jenkins, Teddy Barnes and all the old boys still come along for their game of cards? We are on the move through Belgium and as far as I am concerned we cannot reach Berlin fast enough. Convey my thanks to all.—Jim Anderson.

Canada is once again on the eve of launching another major Victory Loan, the seventh in this war. Canadians everywhere are being asked to invest in Victory Bonds.

Coleman citizens can aid their country and themselves by investing in Victory. By investing in Victory they can also hasten the homecoming of Coleman's youth, a few being featured on this page, who are fighting on the far flung battlefields of this war.

### Cigarette Fund Notes

Dear Sirs: Received a carton of Sweet Caps today and it was the first cigarettes I had received since coming to the "Ghost" squadron. We went to a show in town last night and strange as it was, in the news we saw bombs dropping on Boulogne and our kite was just coming on the run into the target. Seemed very odd to see a moving picture of one's own work. We spent our leave in the main cities of Scotland and had a wonderful time, the next best to home! Wonderful people, the Scotch. We even went ice skating. Many thanks for the cigarettes, they're just wonderful.—Tex.

Dear Friends: Thanks most sincerely for the 300 cigarettes which arrived today. Now more than at any other time are these gifts appreciated. It is a most gratifying thing to be able to give the boys a pack of cigarettes when they come back from France. We are able to do this, thanks to your organization.—J. T. Dunbar.

### Paul Yagos Died On Friday Evening

Despondent Over Years of Ill-Health He Took His Own Life; Funeral Held on Monday.

An athlete of former years, who became despondent over seven years of ill-health, Paul Yagos, 30, on Friday afternoon inflicted fatal injuries to himself in his mother's summer kitchen, off the main building, and died in the local hospital two and a half hours later.

Some years ago Paul was a star pitcher on one of Angelo Gentile's baseball clubs. Sickness came upon him seven years ago, which he was unable to cure, despite the fact that on three occasions he visited specialists at Edmonton as well as other doctors. He had only worked thirty days during the past two years and for some time before that he had only worked intermittently.

On Friday afternoon at about 5:30 o'clock, he informed members of his family that he was going to shave. He went into the summer kitchen, where he inflicted a fatal wound with a 22 rifle. Shortly after he was found unconscious by his mother, who quickly summoned help, and he was rushed to hospital. He passed away two and a half hours later.

Surviving are his mother, two brothers and three sisters. His father predeceased him on July 21 of this year.

The funeral was held at 10 a.m. on Monday, Requiem High Mass being sung at Holy Ghost church, Rev. Father Sullivan conducting. The Polish Society attended as a body, as well as many friends and acquaintances.

Pallbearers included Joe Sygutek, Edward Churla, Mike Kubics, John Urasek, Harry Setla and Paul Youschuk.

Interment was made in the local Catholic cemetery.

### RED CROSS NOTES

The following Red Cross articles were shipped to provincial headquarters during the week: 1 quilt, 10 pairs boys' socks, 10 pairs girls' bloomers, 1 girl's blouse, 1 boy's sweater, 4 babies' jackets, 10 pillow cases, 4 babies' bonnets, 3 bottles, 12 handkerchiefs, 35 pairs laj. stockings, 11 pairs surgeons' shoes, 10 sheets and 20 triangular bandages.

### SIXTH STREET YOUNGSTERS AID MILK-FOR-BRIATIN FUND

Youngsters residing at the west end of Sixth street got busy the other day and from their activities raised \$9.17 for the Milk-For-Britain fund. The money was given to Mr. J. M. Allen, who in turn has forwarded it to the Lethbridge Kinsmen's club, the sponsors of the fund for southern Alberta.

Mr. Allen is also making enquiries regarding the Halloween cards which proved so popular and successful last year. He expects to have information about the cards within the next week or two.

### 200 Blood Donors Wanted In Coleman

Local Branch Red Cross to Have Clinic Visit Here if Sufficient Volunteers Are Secured.

At the regular meeting of the Coleman branch of the Canadian Red Cross on Tuesday evening, discussion arose to start a campaign in Coleman to secure approximately 200 citizens agreeable to donate a pint of their blood to the provincial Red Cross blood clinic.

The members feel confident that many in Coleman would be only too pleased to donate to this phase of war work, and by so doing help in saving the life of some wounded hero somewhere in the war's various fighting fronts.

The act of giving blood you can easily spare is painless. Competent physicians supervise and carefully assess the amount you can donate without inconvenience.

An advertisement will appear in the next issue of The Journal, dealing with this campaign. Secretary J. A. Park is also communicating with the clinic at Calgary to secure more detailed information, which will be published next week.

In the meantime if anyone is desiring to donate some blood for war purposes, they need only leave their name at either The Journal, Coleman Hardware & Furniture Co. or with Miss A. Yuill of the Cameron school.

### ALBERT HALLUK REPORTED WOUNDED

A Calgary radio station broadcast on Wednesday that Albert Halluk, of Coleman, had been wounded in action overseas.

### Summer Sports To Be Boosted By Association

Annual Meeting Held Sunday Evening; Financial Statement Read; Repairs Made to the Skating Rink.

The semi-annual meeting of the Coleman Community Sports Association was held in the community hall on Sunday evening for the purpose of hearing committee reports and the financial report.

President Art Fraser revealed that the July 1 sports day was a success, that repairs were being made to the skating rink and that eventually they would get the building into first-class shape.

Discussion arose regarding winter and summer sports. It was maintained by some that not enough interest was shown in summer sports as against winter. In reply Chairman Fraser stated that skating and hockey were the main winter sports, while in summer the youth of the town were divided in a great number of favorite sports and as a result it was quite difficult for the Association to show the same marked progress in summer sports that it did in the winter games.

Following some discussion it was agreed that a sum between \$50 to \$100 be spent next summer on children of school age on baseball, softball and football equipment, and that a determined effort be made to get teams formed. These teams comprising youths of school age would be allowed to use the equipment purchased by the association.

As a result of questions asked it appears that some people in town are laboring under the impression that the Sports Association is giving financial aid towards the construction of the curling arena. In reply the association executive assured the questioners that not one cent of association money had been spent on the curling arena's construction. On the contrary, the curling club had paid money to the association which it rightly could have kept. The latter referred to rent paid to the association for use of the arena to house the curling club carnival. Tribute was paid the curlers for their aggressiveness to construct such a splendid building and the fact that the building, when completed, will be turned over to the town.

### FINAL WEEK TICKET SALES ON THE NAVY LEAGUE'S "TREASURE CHEST"

This is the final week in the Navy League campaign and the sale of membership tickets in this worthy organization. The sale of tickets ends Saturday, Oct. 21, so this is the last chance to win the rich Treasure Chest and the \$10,000 bond. There are other handsome prizes also and in addition to your chance to get into the winners you will help the Navy League help Canada's fighting men of the navy and merchant marine. Tickets can still be obtained at several local stores, as well as the drug store or at The Journal office.

### PTE. GEORGE DERBYSHIRE, M.M., IS SAID TO BE A PRISONER OF WAR

On Wednesday morning the official casualty lists listed Pte. George Derbyshire, M.M., as missing in action.

Last week Mr. and Mrs. George Derbyshire received a letter from George F. Gegadie, 331-10th St. south, Lethbridge, informing them that while listening on the evening of Oct. 9 to a shortwave broadcast from Berlin they heard the names of six Canadian boys held as prisoners of war and that George was one of them.

Improvements to the sports field in regard to benches, jumping pits, etc., were discussed and left in the hands of the executive. Radical improvements were also discussed for the skating rink. It is planned to make improvements to the skating arena each year and in this manner eventually have a building that will be a credit to the town.

The open air rink will again be sponsored jointly by the town and sports association.

### Military Funeral Given "Si" Simonson

Services in Charge of Local Branch Canadian Legion; Many Friends in Attendance.

On Sunday afternoon a military funeral was held for the late Olaf Simonson, who passed away on Monday, Oct. 9. A large number of Legion members gathered at the Legion hall prior to the funeral services and marched in a body to the local undertaking parlors, where Rev. W. E. Brown conducted a brief service.

The funeral procession was led by Pipe Major James Moore, followed in turn by the Legion members. At the graveside Rev. Brown read the burial service, being followed by the Legion officers, who conducted the Legion burial service which was read by Comrade Harold Houghton. The Last Post was sounded by Bugler James Lowe. Each veteran dropped a poppy as he marched past the grave.

Pallbearers included Wm. Smith, Bert Garret, Ray Sterbut, Dave Bowen, A. McConnell and Jack Wilson.

### CARD OF THANKS

We wish to thank all members of the Coleman Branch No. 9 of the Canadian Legion, especially George Derbyshire, James Moore and James Lowe for their kind co-operation and assistance at the funeral of the late Olaf Simonson. Also to the doctors and hospital staff for their kindness, and to those who loaned cars and sent floral tributes.—J. A. McDonald and A. B. Westworth.

Flowers: Coleman Branch No. 9, Canadian Legion, BESI; Mr. and Mrs. J. Misura, Mr. F. Davis, Mr. and Mrs. J. A. McDonald, Mr. and Mrs. A. B. Westworth, the Misses Amelia Ondrik and Amelia Lusek, Mr. Wm. McGrath, Mr. and Mrs. Dave Gillespie, and from friends at the Empire hotel, J. McElligett, G. McAlay, F. Sheulin, S. Sagoff, D. Bowen, J. Burns and A. McConnell.

### V FOR VICTORY

An apple, grown in the orchard of Mrs. H. Campbell, of Erickson, was brought into The Journal office on Wednesday morning, and clearly imprinted on its surface was the V for Victory sign. Judging from the size of the apple it would appear that Mrs. Campbell grows some mighty fine apples.

## OUR COMPLETE SHORT STORY—

### A Wife's Place

By ETHELDA REDFORD

McClure Newspaper Syndicate

"But, dear!" invariably I call my husband "dear" when we argue, although I doubt that it ever has helped — just because we have this place in the country I don't see why I have to stay here when you are in town having a good time."

"A good time!" Henry is a magician at changing the subject right under your nose. "That's all you know about my job, Ann."

I know Henry has a tough time, a trying time, an exasperating time, I've heard him describe his work often enough to know his phrases by heart.

I had picked the wrong phrase and couldn't tell him I had been referring to the work at his desk. There is a mental desk, where every wife has been told her husband labors at night, which can be set up so conveniently at bars, cafes, supper clubs, moonlight cruises, etc. I meant that one.

"What I do know about is my job here," I said. "I've worked at it four summers, compiling facts on house guests, sunburn, fallen arches, mosquitoes, relatives, pin money."

"I came up every weekend don't I?" Henry was very righteous. "I won't miss one this summer."

"Henry, I'm all packed to go back to New York with you tomorrow."

"Are you out of your mind?"

"Maybe," I said. "But I'd rather live in town with you the rest of the summer — and commute to the country weekends."

"Why do you think we have this place in the country?"

"There are a lot of answers to that one."

Henry walked out of the dining room ahead of me. We went into the living room where, spread on the table under the light, were photographs we had taken that week.

## HERE'S MY FEED PROBLEM...

I want to get more egg production from my laying hens.

## HERE'S THE ANSWER...

Be sure you have culled your flock and that you are managing them carefully. Then if you have plenty of farm grain, mix your own laying mash by using "Miracle" Laying Mash Supplement. This Supplement will give your farm grains all the necessary elements the hen needs to produce more and better eggs. "Miracle" Laying Mash Supplement is tested for food value.

Mecca-47

## ASK FOR "MIRACLE" FEEDS

**MECCA  
OINTMENT**  
for Burns, Sores, Guts, Etc.

"It certainly does," laughed George, opening Henry's cigarette box.

"Let me use that pink robe of yours, will you?" Martha asked me. "I didn't bring mine."

"Naturally," I said, but she didn't notice.

As I opened my bag, which had been so neatly packed, and pulled out the robe, I noticed a look of triumph about Henry. Bright as an aura!

Anyway, I have next summer to look forward to...

## Tall Enough

Pte. J. W. Butler, Campbellton, N.B., Canadian army, likes the pockets of his prisoners high up, so that he doesn't have to stoop in search for arms. This Jerry from Dusseldorf, Germany, is seven feet three inches tall.

## Auto Tires

Automobiles Are In Need Of Careful Attention These Days

The faithful family chariot, taking Dad, Mother and the kids to town on Saturday nights for the weekly shopping, rates the very best of care to keep it rolling.

Automobiles today need as much careful attention as any farm implements or stock. This is true, especially of the tires, for slow leaks in the tires may cause a flat, or worse still, completely ruin the tire.

Three simple tests suggested by motor experts should ward off such disaster.

Make certain that the valve caps have been screwed on finger-tight and that each cap has a washer.

Before adding air to a tire, test and record the pressure.

Check the variations in tire pressure. Marked differences in pressure indicate leaks, the experts explain, and tires showing abnormal loss of air should be removed for immediate inspection and repair.

## This Week's Pattern

By ANNE ADAMS

A refreshingly new neckline, on a classic shirtwaister, makes Pattern 4656 first choice for Fall wear! Optional contrast for yokes and collar.

Pattern 4656 is available in women's sizes: 34, 36, 38, 40, 42, 44, 46, 48, 50. Size 36 requires 3 1/2 yds. 35-inch fabric.

Send twenty cents (20c) in coins (stamps cannot be accepted) for this pattern. Write plainly Size, Name, Address and Style Number and send orders to the Anne Adams Pattern Dept., Winnipeg Newspaper Union, 175 McDermott Ave. E., Winnipeg, Man.

"Because of the slowness of the mails delivery of our patterns may take a few days longer than usual."

A necklace of beetles' eggs is used as a token of love by natives of the Solomon Islands.

## Valuable Work

Making Over Old Furniture Into Something Useful

"Making something out of nothing is the latest brain wave of that energetic and enterprising Patriotic Corps group in Winnipeg," say the directors of Women's Voluntary Services, Department of National War Services.

In the firm belief that a dud can be put to practical use again many W.V.S. members are getting out saws, hammers, paint brushes and going to work. An old fashioned golden oak buffet, mirror removed and feet saved off becomes a shining red and white kitchen cupboard; heavy old gilt picture frames take a dose of light coloured paint and backed with plywood become eye-catching coffee tables with folding trestles for legs.

Syrup jugs or odd shaped bottles become bedside water bottles. An old jolly jar lid painted the same colour as the stopper of the jug, covers the accompanying drinking glass. Refrigerator sets are made from large cold cream jars. Lamp bases are made from old cracker tins, pitchers, stone jars.

"The Patriotic Salvage Corps' four shops in Winnipeg sell everything from dolls to dishpans and the attractive 'something out of nothing' created by volunteers have a ready sale. Proceeds from these shops go to a list of charitable institutions as long as your arm," the directors concluded.

## Flax In Britain

Big Progress Made In Production During The War Years

Enormous progress has been made in Britain's flax production during the war. Since 1941 production costs have been halved while output has been quadrupled. Fibre yield has risen from 3 1/2 per cent. to just under 8 per cent. Today, 17 factories are working and approximately 60,000 acres are under cultivation by nearly 6,000 farmers.

## SERVICE FOR SOLDIERS

More than 2,000 used razor blades are being remanufactured daily by a Lahore firm. This is one of the latest economy measures which the army in India has introduced; soldiers return their used blades when issued with fresh ones.

The watermelon has been cultivated since ancient times.

# Buy Victory Bonds "SALADA" TEA

## Binder Twine

Farmers Have Been Supplied With Adequate Quantities

Although fibre used in manufacturing binder twine has been in short supply since the war began, farmers have been supplied with adequate quantities, states the Current Review of Agricultural Conditions in Canada. That is, the price has been maintained at the same reasonable level—9 cents per lb. wholesale. Only one grade of twine, Wartime Standard, running 500 feet to the pound and containing 12 1/2 per cent. jute, was manufactured in 1944. Although somewhat larger and softer than the best pre-war grades, it has been reasonably satisfactory. In the fourth year of the last war, twine prices rose to 25 cents per lb. wholesale.

## COAL MINING IN BRITAIN

The proportion of mechanically-cut coal in Britain has risen during the war from 50 per cent. to over 70 per cent. Mechanical conveying of coal has risen from 54 per cent. to 68 per cent.

## Needs Further Tests

Canadian Research Workers Announce New Substitute For Blood Plasma

Four Canadian research workers have discovered that polyvinyl alcohol may be used as substitutes for blood or blood plasma in treating certain types of shock cases, says an article in the current issue of the Canadian medical journal.

The article, by Dr. N. W. Roome, Capt. Lawrence Ruttie, R.C.A.M.V., Dr. Levene Williams and Dr. Ward Smith of the Universities of Western Ontario and Toronto, recommends further testing and warns that so far only laboratory work and a few clinical experiments have been carried out.

## WOULD BE GREAT BOON

Common colds, influenza, pneumonia and other airborne diseases may possibly be cured by conditioning indoor air with an invisible anti-germ vapor made from triethylglycol. The odorless, non-inflammable and inexpensive vapor can be distributed uniformly through the air by a duct and fan system.

# Firestone EXTRA VALUES

Are more important NOW  
than ever before

Firestone tires have always been noted for their extra values and consistent high quality that mean longer wear, more safety and greater value.

And, just as you would expect, it is Firestone that today is the pace-maker and pioneer in developing new materials, new methods and new machines that have resulted in tremendous advancement in tire design, construction and performance.

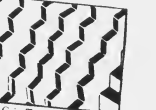

With new tires so hard to get it is more important than ever to get the best tire that money can buy with your tire ration certificate... and that means Firestone... because Firestone tires stay safer, longer.

Extra Values You Get  
Only in Firestone Tires

Gum-Dipping—Each tire cord is insulated against friction and blowouts.

Great-Grip Tread—Thousands of sharp-edged angles provide extra protection against skidding.

Safety-Lock Cords—Tightly woven stronger cords Safety-Lock ed together for extra strength.

"Know-How"—More than 40 years' experience assures extra performance.

MOST  
MILES  
PER  
DOLLAR

NOW AS ALWAYS... MOST MILES PER DOLLAR

## Owners Asked to Call For Pictures

The Journal has a number of pictures of members of the armed forces in the office, and owners are asked to call and get them. More and more pictures are needed for the Spotlight series, and persons having pictures of members of the armed forces, and who desire to have the subjects spotlighted, are invited to bring them to this office. The pictures will be unharmed and returned in the same condition as received.

## - Spotlighting -

LAC RONALD JONES

Youngest son of Mr. and Mrs. Arthur Jones. Born in Coleman on March 31, 1923. Educated at local schools. International employee for eight months before enlisting with RCAF, June 23, 1942. Trained in eastern Canada. Went overseas in December, 1943. Now serving in France.

## NOTES AND COMMENTS

### Autumn in The Pass

While at times envy may be expressed of those relatives and friends residing in milder climes, we cannot but praise the glorious Indian summer weather which sunny southern Alberta is experiencing at the present time. A warm sun shines brightly from a blue sky each day, Nature has painted the autumn leaves in a dazzling array of colors which are beautiful to behold, while in the background members of the giant Rockies rise strong and true into the cloudless sky. Truly, it is a time of the year when the foothills of the Rockies cannot be surpassed regardless of where one may travel. Long may it continue.

### Blood Donors

This week volunteers are being sought in Coleman to give life-giving blood to the wounded and sick in far flung battle fields. A clinic is to be brought from Calgary with all the facilities so that those desiring to give their blood, and by doing so might save an Allied soldier's life, may do so. 200 volunteers are required. There is no doubt that the citizens of Coleman who have contributed so magnificently to the war effort in war loans and war charities will come forward courageously to help the wounded and the sick to health and future happiness.

### Wage and Salary Controls

Control over wages and salaries is as basic to the wartime economy of Canada as control over prices. The two are inseparably linked.

An increase in labor costs is one of the items in the structure that leads to increased prices unless kept under control. Under inflation prices rise faster than wages and salaries, so that with the increased cost of living the worker is actually receiving less, even though wages may be higher.

There are many other reasons for increased labor costs. Some of them are unavoidable. The use of inexperienced labor, absenteeism, and a high labor turnover all lead to an increase in costs of production. In addition, an increase in wage rates without a corresponding increase in labor efficiency will raise labor costs.

When wage and salary control were instituted, two things had to be realized. First, the fact that the cost of living had been rising sharply for some time, made it unfair to freeze wages at an arbitrary level without at the same time taking other measures to check the rise in the cost of living. Secondly, there were many obvious inequities in the scale of wage rates in various sections of the country and in different businesses.

For these reasons control of wages could not be too rigid. Wages were placed under control late in 1941. To provide for increases in the cost of living, the Wartime Wages Control Order provided for the payment of a cost of living bonus in addition to wages, and based on increases in the cost of living index. When the wages control order was revised in December, 1943, it provided that the bonuses should be incorporated into basic wage rates as from February, 1944. Basic wage rates cannot now be increased except on the authority of a War Labor Board in special circumstances. But if the cost of living index rises by more than 3% and remains at that level for two consecutive months, the government has promised to review the whole program of price and wage control and take appropriate action.

Provision was also made for settling the other problems of inequities and injustices. Although no wages can be increased without the approval of a War Labor Board, the Boards are empowered to make adjustments in cases of injustices. Labor is represented on these Boards.

Salary control has been as strict as wage control. Under the Wartime Salaries Order, salaries were frozen at rates in effect in November, 1941.

Salaries cannot be classified to the extent that wages can. Therefore, the latitude allowed wage earners to advance without permission from one job to a higher paid one, if qualified, or to the top of the range of rates for a job, has not been allowed the salaried worker. Salaries can be adjusted only for promotions involving added responsibilities and increased duties in individual cases, or under special circumstances.

It has been estimated that there has been an increase of 25% in average weekly earnings since June, 1941, the earliest date for which it has been possible to make an estimate. This increase has been partially offset, of course, by higher income taxes and the increase in the cost of living.

The whole point of the government's stabilization program is to see that earnings aren't further offset by additional increases in the cost of living. The co-operation of the worker in supporting every measure of price and wage control is essential to the plan. By uniting with other groups in a common effort to keep the cost of living down, the worker is protecting his own income.

## CANADA'S VETERANS

### Their Post-War Opportunities

The third in a series of advertisements to inform the people of Canada of plans to re-establish men and women of the armed forces. To get full details, save and read every advertisement.

For complete information, write for the booklet, "Back to Civil Life."

## Training and Education— Doorways to Opportunity

### SOCIAL SECURITY MEASURES

In planning Canada's re-establishment program, its framers worked with one principal idea in mind. This was that the only answer to the problem of permanent re-establishment is a job, and that the surest way to get and hold that job is by the skill necessary for it.

### VOCATIONAL TRAINING

Every ex-service man or woman who will be assisted in re-establishment by training is eligible to have it. There is provision for paying fees for all courses and, in addition, the ex-service man or woman may receive maintenance grants up to:

\$60 monthly if single;

\$80 monthly for a man and his wife, together with children's allowances.

This training is available for the period of service to a maximum of one year, but can be extended beyond that period, if necessary, and if service is more than one year.

### EDUCATIONAL TRAINING

This is available to all who are admitted to university within 15 months of discharge and, as in vocational training, fees are paid and there are maintenance allowances up to:

\$60 monthly for a single man;

\$80 monthly for a man and his wife, together with allowances for dependent children.

These allowances will be continued on a month for month basis of the time in the services, providing all examinations are passed. Outstanding students may have assistance continued to completion of the course.

### SOCIAL SECURITY MEASURES

Under the re-establishment program Canada's veterans who, within 18 months of discharge from the services, become ill or unemployed may draw maintenance allowances up to \$50 if single and \$70 for a man and his wife, together with children's allowances. The out-of-work benefits are for those fit and able to work, but for whom there is no work immediately available. In the case of serious illness there is free treatment and hospitalization for any condition in the year following discharge.

As a further security measure, every veteran who enters insurable employment is entitled, after 15 weeks in that employment, to unemployment insurance credit as though the whole period in the services since July 1, 1941, had been spent in the insurable employment.

VETERANS' WELFARE OFFICERS ARE STATIONED IN KEY CENTRES THROUGHOUT CANADA. THEY ADVISE AND ASSIST EX-SERVICE PERSONNEL, AND SHOULD BE CONSULTED ON ALL PROBLEMS.

## District No. 8 A.F. & A.M. Held Meeting Here

Provincial Officers Attend;  
R.W. Bro. J. Emmerson  
Was Chairman.

Annual district meeting of District No. 8, A. F. & A. M., was held in the Masonic hall, Coleman, on Thursday, Oct. 12, 1944, under chairmanship of R. W. Bro. J. Emmerson, of Coleman, D.D.G.M. of District 8.

M. W. Bro. W. Ireland, Grand Master of the Grand Lodge of Alberta, accompanied by M. W. Bro. Geo. Ellis, P.G.M., and M. W. Bro. George Moore, Grand Secretary, all of Calgary, attended the meeting.

A sumptuous banquet served by the ladies of Minerva Chapter, O.E.S., was very much enjoyed by the assembly, and thanks are expressed to the ladies for their untiring efforts.

The evening session opened at 8 o'clock and the addresses by the officers of Grand Lodge were enjoyed very much by the brethren. Cowley was chosen as the place of meeting for 1945. Meeting closed around midnight.

Thanks are expressed to the local Elks lodge in giving up their regular meeting, so that this banquet could be held on Oct. 12. The members of Summit Lodge No. 30, A. F. & A. M., say, thank you.

## MANY ATTEND RECEPTION FOR LIEUT. AND MRS. IAN SMITH

The reception held at the home of Mr. and Mrs. Peter Smith on Saturday evening in honor of their son, Lt. Ian Smith, and his bride, nee Muriel Bowling, was very successful, over sixty persons coming to offer their congratulations to the young couple.

The rooms were beautifully decorated with roses, carnations and mums.

During the delightful luncheon, served by the Misses Margaret Smith and Helen Dibblee, the guests were entertained by Gordon Koper, playing his violin, accompanied by Donald Graham.

Later in the evening Miss Myrtle Johnston and Mr. James Moore played several selections on the bagpipes.

## 3165 Ration Books Issued Here This Week

On Monday and Tuesday Mrs. Fred Antrobus and her staff issued 3,165 new ration books to local citizens. This is three less than those distributed at the end of March this spring. It is stated that despite the fact that the two dates had been well publicized, stragglers are still drifting in to get their new books.

Mrs. Antrobus extends her appreciation and thanks to Principal Hoyle for his courtesy and kind-

ness and to the school students, both public and high, as well as all other helpers for their aid during the two days the ration books were distributed.

## MISCELLANEOUS SHOWER

A surprise miscellaneous shower in honor of Miss Joy Emmerson, bride-elect, was held on Thursday evening at the home of Mrs. Joe Emmerson.

Four tables of bridge were in play, honors being won by Mrs. M. Keith and Mrs. J. Emmerson. A dainty luncheon was served, following which the honored guest was the recipient of a decorated basket filled with gifts, and which was centred with a beautifully dressed doll bride.

Miss Emmerson ably thanked her friends for their gifts and also the hostesses, Mrs. I. Neilson, Mrs. E. Lonsbury, Mrs. J. Nash and Mrs. A. Easton.

Out-of-town visitors included Mrs. M. Keith, of Macleod, and Mrs. Leslie Emmerson, of Blairmore.

## Theatre Notes

### DRAMA DEALS WITH STUDENT OFFICERS

"Texas to Tokyo," Walter Wanger's timely production inspired by the fighting sons of Texas A & M College, comes Saturday to the Palace theatre. The Universal picture, telling the important story of youth in command, has Richard Quine, Anne Gwynne, Noah Berry

Jr. and Martha O'Driscoll in featured roles.

Filed for the most part in Texas, at America's mightiest officers' training centre, "Texas to Tokyo" gives an account of the mysterious "disloyal" cadet who later reveals himself to be an outstanding hero and receives the Congressional Medal of Honor.

In the supporting cast are Harry Davenport, William Frawley, Edgar Barrier, Bob Mitchum and others.

## NOTICE TO CREDITORS AND CLAIMANTS

In the Estate of DAVID PRITCHARD, late of Coleman, Alberta, Farmer, Deceased.

Notice is hereby given that all persons having claims upon the Estate of the above named DAVID PRITCHARD who died on 14th May, 1944, are required to file with the undersigned by 18th November, 1944, a full statement duly verified of their claims and of any security held by them, and that after that date the Administrator will distribute the assets of the Deceased among the parties entitled thereto having regard only to the claims so filed or which have been brought to his knowledge.

# GROWING UP WITH CANADA

**- FOR 75 YEARS!**

Up through 75 eventful years of Canadian history... up from horse and buggy days to the fast-moving, mechanized world of today—General Motors of Canada and the pioneer venture from which it sprang, have grown with this growing nation.

Thanks to the constant and continued support of the Canadian public, General Motors, through three-quarters of a century of service to Canada—

has developed into a vital national asset... a power for progress in peace, a tower of strength in war!

From GM's busy assembly lines has rolled a mighty measure of the automotive transportation that has helped build modern Canada. From GM's factories and foundries, at this critical time, is pouring an overwhelming volume of that splendid fighting equipment which is speeding Victory.

As a partner in Canada's forward march to nationhood and inspired by a seventy-five year long tradition of high craftsmanship—General Motors of Canada, in this its Jubilee Year, pledges itself anew to the proud task of producing "More and Better Things for More People".

### Joe Citizen Says—

Invest in Victory, they say— with me, for one, that's quite O. K. When I've a dollar to invest, I choose the buy that seems the best, and these bonds at the moment are the best thing offered us by far. At least that's how it seems to me. I hope you fellows all agree! With all its blood and sweat and tears, the war has lasted five long years, so anything we're asked to do to see the Victory clear through, with good sound lasting peace assured, should be right cheerfully endured. Invest in Victory! I will! I'll find a way to foot the bill! The other things I want can wait. I haven't missed them much to date. —Invest in Victory! You bet! The best investment offered yet!

### LEGAL ADVICE FOR SOLDIERS' DEPENDENTS

Soldiers' dependents desiring legal aid regarding his or her personal affairs are advised to apply in writing to the Dependents' Advisory Committee of the Dependents' Board of Trustees, headquarters of MD 13 has announced. The application will then be considered by the board, and if it is thought that the services of a solicitor are required, arrangements will be made accordingly by the committee.

## Grand Concert To Open Victory Loan on Sunday Evening in the Community Hall at 8.15 o'clock

S. C. Short to be Main Speaker; Speaker From Armed Forces to be in Attendance; Talent to be Heard From Pass Towns.

The public relations section of the local War Finance Committee has been busy during the past week lining up some outstanding Pass amateur talent for the grand concert which will be held in the community hall on Sunday evening next at 8.15.

The main address will be given by Mr. Sidney Short. Mr. Short is a very able speaker and the fact that he saw action in the last war has endowed him with a good idea of the magnitude of the task before Canadians and other citizens of the Allied Nations and the importance of helping our nation's war effort to the utmost.

### TO BE FEATURED AT VICTORY LOAN CONCERT

W. H. MOSER who will conduct an eight piece violin orchestra at the Victory Loan concert on Sunday evening at 8.15 in the Community hall.

### Help And Co-Operation of Everyone Needed

On Monday, Oct. 23, thousands of salesmen all over Canada will start a campaign in the interests of the Seventh Victory Loan.

With Alberta's quota set at \$43,000,000, which is \$6,000,000 more than the objective set for the last loan, unit chairmen all over Alberta are agreed that unremitting work over a period of three weeks will be required if the province is to attain its objective.

In this particular district, which has done exceedingly well in all previous loans, the objective is \$105,000.

To reach this figure, the help and co-operation of everyone in the district will be required.

No one knows any better than sailors, soldiers and airmen returning from service overseas, of the value of first-class equipment in the continuing fight against the Nazis and their Axis allies. This equipment is bought with the money subscribed by Canadians to the respective Victory Loans and the forthcoming Seventh Victory Loan will be no exception.

In this district, residents are invited to march side by side with their fellow Albertans from the United States border in the south to the Peace River country in the north in one grand effort to reach Alberta's \$13,000,000 objective.

The slogan of the Seventh Victory Loan is "Invest in Victory." Let us show our friends to the north and the south that when the final figures are counted on the last day of the campaign, an objective pennant will be flying from our highest building as daily proof that we did not fail when called upon to do our bit on the home front.

### COUPON CALENDAR

Sugar coupons 44, 45.  
Preserves coupons 31, 32.

## Oct. 22 To Be Victory Loan Sun. At The Churches

This Sunday, the ministers at their respective churches will deal in part with the forthcoming Victory Loan and its importance towards winning the war and thus hastening the homecoming of all loved ones to their families throughout the Allied world.

This Sunday will be known as Victory Sunday in Coleman and it is to be hoped that all citizens will make a special effort to attend their respective churches.

St. ALBAN'S (Anglican) CHURCH Rev. W. E. Brown, Rector Daily offices:

Mattins 9 a.m.  
Evening 7.30 p.m.

At the evening service on Sunday we shall speak on the Victory Loan, which will start throughout the Dominion on Monday, Oct. 23.

Wednesday:  
War Intercession 7.30 p.m.  
Friday:

Choir practice 7 p.m.  
Twentieth Sunday after Trinity: Holy Communion 8 a.m.

Young People's service 2 p.m.  
Evening 7 p.m.

The Rector of St. Michael's and All Angels' church, Calgary, has asked me to tell you that his church will be consecrated by His Lordship the Bishop on Tuesday, Oct. 24. This service is being broadcast over station CFCJ at 8.15 p.m.

This is the first consecration of a church to be broadcast in this Diocese. You are asked to make a note of the date and to listen in.

Thursday, Oct. 26, 7.30 p.m., there will be a meeting of St. Alban's Ladies' Guild.

Altar flowers on Sunday were given in memory of the late Fred Slugg.

ST. PAUL'S UNITED CHURCH G. A. Kettily, Pastor Sunday, Oct. 22:

Sunday morning service at 11. Sunday school at 12.15 noon. Evening worship at 7.30.

"Victory and Peace" will be the subject of the sermon at the morning service. Again our Canadian government appeals for a loan in support of the war. Let us consider some of the principles for which we strive.

At the evening worship lantern slides will be shown dealing with our missions in Manchuria. You are cordially invited.

THE SALVATION ARMY Lieut. S. Nahrney and R. A. Hammond, Officers in Charge Sunday services:

11.00 a.m., Holiness Meeting. 2.30 p.m., Directory Class. 3.00 p.m., Sunday School. 7.30 p.m., Salvation Meeting.

"Victory first; then good judgment," will be the message at the Salvation Army Sunday evening, Oct. 22. Let us give thought and consideration to these matters, which are so vital to our nation's peace in this day and age.

Tuesday: 7.30 p.m., Home League and Red Shield. Wednesday: 4.30 p.m., Brownies; 6.15 p.m., Cubs.

Thursday, 8 p.m., Bible study. Commencing Thursday, October 19, a study on the Epistle to the Ephesians.

Cigarette Fund Notes Dear Sirs: Received your most welcome smolled a few days ago. Thanks a million—Dan Daly.

Dear Sirs: Just a few lines to thank you for two lots of cigarettes I received some time ago. —Bill Perby.

The Cigarette Fund committee expresses its thanks to the Coleman ladies' softball team for its donation of \$22.80, this being the entire game from one of their games.

Dear Friends: Thanks a million. At last the sea mail has started to catch up with me and I am as happy as a lark. Mother had written me that you were sending some cigarettes, but after all this time I just took it for granted that someone had just helped themselves.

There is a dart tournament on at the present time and believe it or not, I am on one of the teams. Will drop in and toss a few with you the first chance I get.—Stoker Dibble.

## Market Value Of Past Six Victory Loan Bonds

\$100 First Victory Loan	due 1951	now selling at \$104.
\$100 Second Victory Loan	due 1954	now selling at \$102.75
\$100 Third Victory Loan	due 1956	now selling at \$101.37
\$100 Fourth Victory Loan	due 1957	now selling at \$100.87
\$100 Fifth Victory Loan	due 1959	now selling at \$99.88
\$100 Sixth Victory Loan	due 1960	now selling at \$99.62

### 'CROWS' NEST PASS QUOTA

Town—	6th Loan	7th Loan
Coleman	\$102,000	\$105,000
Blairmore-Frank	\$8,000	90,000
Bellevue-Hillcrest	76,000	90,000

### A Dangerous Guessing Contest

The probable date when cease fire will sound in Europe is important to us because almost every one in this country has a vital interest in the ending of hostilities. Given the approximate date, families of men overseas can begin to estimate the time which must elapse before they receive their loved ones back home again. Labor has an additional interest in the date, in planning for the transition period overlapping war production and the new production of the peacetime goods. Business men, who must plot the future of their establishments with great care are especially keen to have some one give them an approximate date of the conclusion of hostilities in Europe.

Thus, when at various times, Mr. Churchill, General Eisenhower, General Montgomery, Admiral Halsey and others have attempted to give the public an idea of the length of time it would take to finish up the military campaign, their words have been read avidly.

But in the wake of such statements, there has been a wave of other predictions from ten thousand minor and less informed circles. Especially since "D" Day, almost every man in the street has been taking a guess at the date of "V" Day.

All of this might be harmless, were it not for the psychological effect that the contest has on people at large. For one thing, many led into the belief that the war is almost over and that the time has come for some relaxation at home. Further, when the war keeps its furious pace for weeks after "V" Day dates previously predicted, the morale of many people is unsettled.

In these crucial days preceding the final knock-out, Canadians at home may again take their cue from Canadians at the battle fronts. Over there, none mark time, waiting for Germany to collapse. They are all on their toes, fighting as energetically as at any previous period of the war. Over here, our duty seems just as clear cut—a duty which calls us to work as hard as we have ever worked before, and to keep our production lines as vigorous as they have been before—through the purchase of Victory Loan bonds.

• Nearly a million Canadian men and women in the armed services of the Dominion, and more than a million in war industry, and all the others on the home front—have one goal in sight, a complete and speedy victory.

Teamwork counts as never before, for now the game is in its final, crucial stages. We must all put forth extra effort, use even more of our resources, to make the finish swift and sure.

It is urgent that in this Seventh Victory Loan we each buy at least one more bond than we bought before. It is our duty to our teammates; our duty to our children who will enjoy the fruits of victory. Let us do our duty gladly, that we may earn our place on our winning team.

## Coleman Given A \$3,000 Boost In Quota

Coleman Started Its Canvass on Monday Evening; Subscriptions To Date Are Quite Encouraging.

As was to be expected, Coleman was given a little boost in its quota to conform with the rest of the provincial units, which are called upon to raise \$43,000,000. This is a provincial boost of 25%.

Bellevue-Hillcrest was given quite a major boost when its quota was raised from \$76,000 in the Sixth Loan to \$90,000. Unit Organizer Walter Wain is being called upon to do a real selling job this loan.

A boost of \$3,000 for Coleman and \$2,000 for Blairmore-Frank means very little. When a unit gets within a thousand or two of its quota and excitement among canvassers is reaching its climax, they can usually be relied upon to go out and get sufficient to get the unit over the top.

Coleman started its general canvass on Monday evening last and the returns to date have been most encouraging. A salesmen's meeting was held at the week end and addressed by divisional organizer Jack Walker. These salesmen through the past six loans have been carefully trained for their job and the public can rely on the advice they impart on the security of Victory Bonds.

### Air Cadet Notes

MESSAGE TO THE PARENTS Here's a way in which your boy can make worthwhile use of his spare time this winter.

A special invitation has been sent to him inviting his participation, with other boys of his own age, in a carefully planned program of all-round development. This will require only a few hours each week. It will be part of the new postwar program of group sports, recreation and aeronautics that the Air Cadet League is inaugurating for the youth of Canada.

He will no doubt want to talk this matter over with you, and so that you may know how this new program will benefit him and help to fulfill your hopes for his future, I am enclosing a folder giving you the details.

Should there be any point on which you may desire further information I will be very happy to answer your enquiries to the fullest possible extent.

Yours truly,  
F. O. H. Houghton,  
Commanding Officer.

MESSAGE TO THE BOYS Would you like to have a lot of fun this winter?

The Air Cadets are planning big things in sport, as well as aeronautics, and we'd like you to join us.

A new big postwar program is getting under way. We intend to do a bit of learning and studying; but we are also planning the biggest recreational and group sport program this town has ever had, and we'll have a place in that program for you.

Before joining us, however, you will want to talk it over with your Mother or Dad. They are mighty interested in helping you. So that they, too, will know what we are planning for you, I'm sending them a folder. It's a little different from yours. That's because we want you to have their wholehearted support and co-operation in becoming an Air Cadet.

You will already know much about the Air Cadets; but the attached folder will give you the details of the new postwar program that is starting at once.

If there is any other information you would like to have, just write or give me a call. I'd be happy to have a chat with you any time. Next parade night would be fine; then if you decide to join us, perhaps we could arrange for your Air Cadet uniform right away.

We'll be expecting you!  
F. O. H. Houghton,  
Commanding Officer.

## "This Is The Most Important Of All Victory Loans" States Unit Organizer Frank Aboussafy

Calls Upon Local Citizens to Back Loan to Limit; Canvassers Already Soliciting.

Every loan is more important than the previous one and as our men progress at the front line more materials are needed. We have a right to be proud of our fighting men and must back them up with all we have.

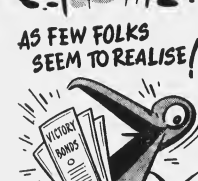

Their enemy calls them the SS troops of the United Nations. No higher compliment can the Germans pay. Can we here justifiably let them down? If we were to do our job as well as they, we would take up our quota on the first day of the loan and look for more.

Coleman's quota is an easy one—\$105,000. The money in the hands of the average man here

### Victory Bonds

... Readily Saleable  
... With a Stable Market

The HON. J. L. HISLEY, Minister of Finance.

"It will be of the greatest importance that we maintain, indeed assure, a ready and stable market for all these millions of bonds we have sold. We have now the monetary and financial machinery and we have developed the methods for accomplishing this and we will therefore be able to deal with any situation which may develop in a way which will keep faith with the millions of investors who are supporting the savings program in this national emergency."

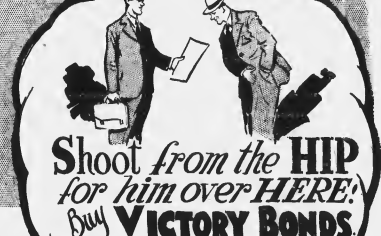

MR. GRAHAM F. TOWERS, Governor, Bank of Canada:

"Government bond prices reflect the level of interest rates. A decline in bond prices could happen only if interest rates were to rise. In my opinion, the needs of the future will require and enable the kind of monetary policy which has brought about the current level of interest rates. Continuance of this policy means stability in Victory Bond prices."

## Legion Starts Work On Memorial Park

'Cat Busy Levelling Off the Four Lots East of Legion Club; To Build Rock Wall Next.

The Legion Club started work on its proposed new Memorial Park this week when a tractor was engaged to level off the four lots east of the club rooms.

Once this work has been completed the way will be open to build the rock wall which will surround the site. According to President George Derbyshire, it has not been determined whether this part of the work will be started soon or held off till next spring.

It is intended to truck soil to the site and plant a lawn. Also included in the plans is to build two bowling alleys, erect a cenotaph and install benches where Legion members and citizens may sit and enjoy themselves for an hour or two on a summer's evening.

MRS. GEO. EVANS RECEIVED GOOD NEWS

Last week Mrs. George Evans received good news from her brother, Gaspard Henriot, of Brussels, Belgium, via Drumheller, that he, his wife and children had

survived the Nazi ordeal and that they were all quite safe and well.

The information was gained through a sister-in-law's son in the RCAF, who reached Brussels recently and immediately went in search of his uncle, whom he found. He immediately sent word by air mail to his mother, who in turn sent the good news to Mrs. Evans. The latter's mother lives approximately forty miles from Brussels, but to date the young airman has not revealed how she fared.

Gaspard Henriot is well known by some in Coleman. He attended the local schools in his early youth and enlisted in Coleman for the war of 1914-18. After serving overseas he returned to Coleman for a few years before leaving for the States and ultimately Brussels. Friends here will be glad to know that he is safe and well.

### CGIT IN ACTION

"The Jolly Voyagers," senior CGIT group, met with their leader, Mrs. Kettys, on Tuesday, the 17th. A program was drawn up for the next few weeks. The worship theme for this term will include "Exploring the Bible," and stories of missions. Special handwork will be started next week; dolls and their wardrobe, to be sent as gifts, will be finished in the near future so that they may reach the Children's Hospital in good time for Christmas.

Corinne Fraser, who attended Camp Council at Sylvan Lake, gave

a very interesting account of the daily activities at that camp. She stressed the early morning "Quiet Time" and "Vespers," the latter held under lake-side trees and glow of setting sun induced a sense of the presence of the Great Spirit. The Waterton Lake campers also reported. A lively discussion arose as to which camp had the better cook. When the Waterton campers declared they had hot pancakes and syrup for breakfast, that won the decision.

A Sunday service will be conducted by the CGIT in the near future, when "Lanyards" will be presented to the new members of this group.

Election of officers resulted in the following: Corinne Fraser, president; Cathy Kettys, vice-president; Audrey Root, secretary; Marjorie Tiffin, treasurer; and Isabel Ewing, Norma Weir and Corinne Fraser, pianists.

### RFN. Alex. Kanik to Arrive in Calgary This Morning

Will Arrive on Hospital Train; Red Cross to Meet Train.

Coleman Red Cross Secretary J. A. Park received a letter on Wednesday morning from Red Cross Commissioner D. H. Tomlinson, advising him that Rifeman Alex. Kanik would be on the hospital train reaching Calgary this Friday morning, and to advise next of kin. It is expected Mr. and Mrs.

Charles Kanik and Charlie will journey to Calgary to give Alex. a warm welcome since it is several years since they last saw him.

Rfn. Kanik enlisted when first war broke out in September, 1939, and was among the first Canadian troops to land overseas. It is not known if he has been wounded or has developed a sickness which has resulted in him being transferred home.

### Letter To The Editor

Editor, Journal.

Dear Sir: I have read with interest the endeavors of the town council to have a radio "booster" located in Coleman.

It is my sincere belief that further progress could be attained if Coleman would interest all Pass towns in having this booster located in the Pass. In union there is strength. It is my belief that the CBC engineer, who is to be sent into this territory to investigate radio reception conditions, will prove of no more value than the "trouble-shooters" who are sent here when agitation becomes so strong that radio department officials have to send these men here to pacify radio owners. However, if all Pass towns raised their collective voices in protest, the CBC would hesitate to accept its engineer's report, should it prove unfavorable, against such concerted effort as the councils of the

Pass could bring to bear.

In case the council is unaware of the fact, it should be noted that a booster should be located a few miles from town, as its intensity produces harmonics.

There are "dead spots" in more

or less degree in all Pass towns, and I would suggest that when this engineer visits town, he be given a guide who is acquainted with these dead spots so that he may be aided in making his report.

M. Nilsson.

"Com' On Gang!  
"Get Hep to the Fun  
with the Air Cadets"

THE AIR CADET program is not all aeronautics. You'll have plenty of sport and fun with the smartest, the keenest, the most active boys in town. In addition you'll learn about signals, navigation, armament, meteorology, aircraft recognition, the fundamentals of Service and Civilian aviation—things that tomorrow's flyers must know. Learn them now. Be ready when a chance to fly comes—

Join the 30,000 other Canadian Boys in  
The **AIR CADET LEAGUE**  
OF CANADA

Have a chat today with F. I. O. H. HOUGHTON, Officer  
Commanding No. 73 Squadron, Coleman, Alberta

On the fighting front our men are still "slugging it out". Each advance . . . each new sector . . . each mile that the battle front is extended . . . is hard going. Much fighting lies ahead.

There's more to be done on the home front, too. More money is needed to enable our country to carry her share of the war's cost.

Our duty is clear . . . we, at home, must provide the money. Canada must get this money from Canadians.

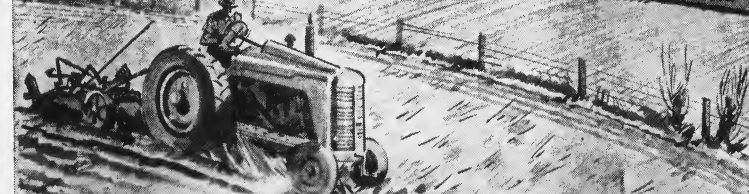

# for EVERYBODY

Fortunately, most of us have good incomes. We can do our share.

But it is the extra effort that wins battles and we must be prepared to make extra effort on the home front. Canada's borrowing needs have been increased by some three hundred and twenty million dollars. That's extra effort that we, at home, must make. We must provide the money that is needed . . . more money than ever before.

We must keep faith with our fighting men. We must continue to work and save . . . and lend. We must all lend more.

## Local News

Mrs. George Jenkins was a Lethbridge visitor during the week end.

Miss Mary Kovack spent the week end visiting relatives at Michel.

Mr. and Mrs. John Snider have left to spend a vacation at the coast.

Mr. and Mrs. J. Colombo and young son were recent Lethbridge visitors.

Mr. John Hoggan, of Macleod, is the guest of Mr. and Mrs. Wm. Hoggan.

Mrs. George Evans and son Lance recently spent a week's visit at Fernie.

Born: To Mr. and Mrs. John Korman on Sunday, Oct. 15, a daughter.

Mrs. Jack Wilson and Miss Ethel have arrived home from a vacation spent at Vancouver.

Mrs. H. Campbell, of Erickson, is the guest of her daughter, Mrs. R. Vincent, for a week.

Mr. R. S. Bratten, of Macleod, was the guest of Mr. and Mrs. T. Holstead last week.

Bernard John McDonald enlisted in the Canadian Active army at Calgary on October 12.

Miss Louise Joseph left on Sunday for two weeks vacation at Mossbank, Saskatchewan.

Miss Olga D'Appolonia, of Creston, was the recent guest of Mr. and Mrs. J. A. D'Appolonia.

The Journal received a change of address from Mickey Joyce this week. Mickey has moved his residence from Fort Langley to Vancouver.

Mr. and Mrs. H. T. Halliwell and daughter, Mrs. Jack Moffett, of Macleod, were the Sunday guests of Mr. and Mrs. R. R. Pattinson and Mr. and Mrs. A. Haysom. Mrs. Halliwell remained a few days the guest of Mr. and Mrs. R. Pattinson.

Mr. and Mrs. DeKlyn sr. returned home on Sunday from a holiday trip spent at British Columbia points.

Mrs. I. Neilson and Mrs. R. Vincent are the official delegates from Victoria Rebekeah lodge to attend the District 16 meeting being held at Blairmore this evening.

Squadron Leader Foss Boulton stopped over briefly at Lethbridge on Wednesday en route to Vancouver. Foss is taking an active part in the Seventh Victory Loan as a speaker.

Lt. and Mrs. H. Wilton and baby arrived here last week to spend a vacation with Mrs. Wilton's parents, Mr. and Mrs. T. E. Flynn. Lt. Wilton returned to his base on Sunday, while Mrs. Wilton and baby will remain here for a longer holiday.

Coleman Elks sponsored a Ladies' Night in the lodge hall last Thursday evening. Whist, dancing, community singing and refreshments were enjoyed. Whist prizes were won by Mrs. G. D'Amico, Mrs. Frank Kyncl, Wm. Irwin and Dave Pow.

Mrs. J. Green and baby son, of Calgary, are the guests of the former's parents, Mr. and Mrs. Fred Smith.

Mrs. Robert Simpson, of Detroit, who has been spending the past two weeks with her sister, Mrs. C. D. Rogers, left on Wednesday afternoon for Calgary, where she met relatives. Mrs. Rogers left for Calgary this morning, where she will join Mrs. Simpson, and the two ladies will travel together to Drumheller, where they will visit a third sister, Mrs. Smith, for a week or more.

## DO YOU WANT A HOME

Contributions should be made by money order only.

Value of House and Contents \$11,000

Tickets for Sale at The Coleman Journal Office

## THE SEA WILL GIVE UP TREASURE

to men who think of tomorrow

SALVAGE SUBMARINE OF TOMORROW!... Already more than 40 million tons of shipping have been sunk in World War II. What a treasure trove of valuable metals and non-perishable cargoes may be reclaimed with these powerful undersea craft... equipped with salvaging cables and with decompression chambers for diving operations. They're coming... planned by men who think of tomorrow!

**MEN** who think of tomorrow are planning many startling post-war engineering enterprises. The salvage of deep sea treasure by giant submarines is one of the most practical... and profitable.

But until the day arrives when men and machines are free for such fascinating exploits, we have a lot of salvaging to do on the home front!

For instance, the need for waste paper has never been more urgent than it is now. Are you salvaging yours?... Gigantic quantities of explosives must continue to flow across the sea to our armed forces. That takes glycerine and

glycerine takes kitchen fats. Are you salvaging every drop you can?

There is no respite for anybody in the kind of a war we're waging. None for the soldier, none for those at home... None of us is through with the job until the last enemy flag comes down. And that means, among other things, buying more and more War Savings Certificates and Victory Bonds, and it means hanging onto them, too!

Tomorrow will come, as it always has... but it will be the brighter for the sacrifices we make today. Let us all be MEN WHO THINK OF TOMORROW... and get ready for it NOW!

## \* THE HOUSE OF SEAGRAM \*

All Seagram plants in Canada and the United States are engaged in the production of high-proof Alcohol. High-proof Alcohol for War is used in the manufacture of Smokeless Powder, Synthetic Rubber, and many other wartime products.

## FARMERS! WILL YOU HELP THIS WINTER?

If you are not required on the farm this winter you should take other work.

Extra winter workers are needed for woods operations—logging and pulpwood and fuel cutting—base metal mines, coal mines, meat packing and cold storage, grain handling, railway track maintenance, iron foundries and other high priority occupations, varying with the area.

Please offer your services to:

The nearest Employment and Selective Service Office; or

The nearest Provincial Agricultural Representative; or

Your Local Farm Production Committee.

A good response to this appeal is important to Canada's welfare—please act immediately.

Postponement of Military Training continues while in approved essential work off the farm.

NATIONAL SELECTIVE SERVICE

DEPARTMENT OF LABOUR

HUMPHREY MITCHELL A. MacNAMARA  
Minister of Labour Director, National Selective Service

This advertisement is issued by the Dominion Department of Labour in aid of the Dominion-Provincial Farm Labour Programme.

Easy to roll, delightful

## Invest In Victory

CANADA'S SEVENTH VICTORY LOAN, with its minimum objective of \$1,200,000,000, comes at a time when there is every reason to believe that the most critical period of the war is well in the past. After five years of wartime sacrifices and restrictions it is natural that the people should be anxious to return to normal conditions as quickly as possible, and that there should be some surprise that such a large loan is necessary at this time. In announcing the new Loan Campaign, the Minister of Finance, Hon. J. L. Halsey, went into this matter in detail, pointing out many reasons why Canadians are asked to continue to lend and save not only in the interest of victory, but also to ensure economic stability for this country now, and in the critical period which will follow the final defeat of Germany and Japan.

### Still Need For Patriotic Loans

In warning the public against being too hasty in assuming that there is no further need for wartime restrictions, Mr. Halsey was repeating advice which has been given by many other officials here in recent months. It is well known that Canada is committed to full participation in the struggle against Japan, and there is as yet no indication that the war in the Pacific will be speedily concluded. In addition, Canada is contributing extensively to the work of the United Nations' Relief and Rehabilitation Administration. There are also far-reaching plans for social security measures within the Dominion during the post-war period. It is clear that all these undertakings will call for the expenditure of large sums of money, for patriotic lending on the part of the people here.

### Inflation Is A Constant Danger

Another reason why the public is urged to continue to lend and save, lies in the constant danger of inflation. A sudden departure from wartime restraint in spending, would speedily destroy the economic stability which has been so successfully maintained here during the war. In contrast to the chaotic conditions which develop when inflation occurs, the restrictions which have been enforced in Canada have caused relatively small inconvenience, and it is apparent that public co-operation in this connection will be required for some time to come. One way in which this co-operation can be manifested, is in wholehearted support of the Seventh Victory Loan. The first six loans were generously over-subscribed, and in giving a similar response to the Seventh Loan campaign the people of Canada will be investing in victory, both on the battlefields and on the home front.

### Autumn Coloring

Tells Why Leafs Of Trees Turn From Green To Other Colors

What actually takes place when Nature presents her colorful pageant every Autumn is described by Dr. J. MacLachlan, professor of botany at the Ontario Agricultural College, who says that it can be boiled down to a simple cause—accumulation of sugar.

Autumn coloring, in general, Dr. MacLachlan says, is a result of breakdown processes. In preparation for Winter, a small cork layer forms at the base of each leaf, actually healing the wound created by the leaf's separation before it breaks off. This cork slows the natural processes in the leaf. The chlorophyll, or green coloring disappears, and yellows, hidden by the green all Summer, come into view. Sugar formed in the leaf is prevented by the cork layer from getting down into the plant, and in conjunction with a cyanide complex forms a brilliant red dye.

Deeper shades of red indicate more sugar in the leaf. As the breakdown process continues and the leaf dies, a brown color is formed—Kitchener Record.

### Cold Germs

Scientists And Medical Men Are Devoting Much Time In Research Work

Much research has been devoted to cutting down respiratory tract infections by Canadian scientists and medical men.

In the armed services as everywhere, infections like cold, influenza, pneumonia, tuberculosis, mean that many man-hours and training days are lost. Respiratory tract disease casualties in Canadian military hospitals in the Dominion alone have been averaging around 35,000 a year at an approximate cost to the taxpayer of \$6,000,000 annually.

Dust control as a means of combating respiratory disease was first tried on a major scale at Camp Borden, Ontario, last winter. It proved so effective in immobilizing the germs of all airborne diseases that respiratory disease casualties were cut down more than half.

### LEFT TO CHANCE

The name of Portland, Ore., was decided by the flip of a coin. Two names, Portland and Boston, the home towns of two real estate men, were considered, and Portland won.

## Price Control And Rationing Information

Q—Our school is situated quite far from town and we would like to serve hot lunches to children by the middle of October. Is it possible to get rationed foods for these lunches?

A—Yes, it is. Schools wishing to serve hot lunches to school children can apply to Local Ration Board for permission to serve rationed foods. Arrangements will be made by registering them as quota users. But ration allowances will be given to cover only those children who cannot possibly go home for lunch.

Q—I live over a farm and previous to the war found a use for every cotton bag that came into my home. I have recently heard that restrictions have been removed on the using of used bags. Will you kindly tell me if this is so?

A—Rural housewives will be glad to know that now the stocks of used bags have increased so that it is possible for restrictions to be removed. Used cotton bags need no longer be returned, and can also be bought for conversion into household articles.

Q—May rationed commodities donated by members be offered for sale at a club tea?

A—Yes, organizations may sell preserves donated by members but it is necessary to first secure authorization from your Local Ration Board.

Q—Do soldiers' short leave ration cards have to be presented to local ration boards within a certain time?

A—No. They can be presented any time. You probably know that you must serve nine meals before presenting any of these cards.

Q—How long will Ration Book 4 be kept in use?

A—All coupons in ration book 4 will expire December 31st, the third ration book expiring on the same date. Ration book 5 contains coupons for 50 weeks, so you will have to protect it against damage for a longer time than any of the previous books.

Please send your questions or requests for the pamphlet "Consumers' News" or the Blue Book (the book in which you keep track of your ceiling prices) mentioning the name of this paper to the nearest Wartime Prices and Trade Board office in your province.

## "Constipation gone...this easy way"

"I'm delighted I found out about ALL-BRAN for it ended my chronic constipation woes. It rid me of taking nasty harsh purgatives—which never helped more than a day or so. No thank goodness, I'm an ALL-BRAN regular. I wouldn't miss eating this gentle-acting cereal for worlds. If you suffer from constipation due to lack of 'bulk' in the diet, eat KILLOGG'S ALL-BRAN—as a cereal or in several muffins every day—and drink plenty of water. Remember, it's a delicious, wholesome cereal—not a medicine. Get ALL-BRAN today, at your grocer's, 2 handy sizes. Made by Kellogg's in London, Canada."

## Can Be Dangerous

Housewives Should Be Careful About Mixing Different Cleansers

There is a lesson for housewives in the curious case of the Birmingham woman who was nearly killed by poison gas while scrubbing her bath, states the London Daily Mail.

It is: Never mix two different kinds of household cleansers. Birmingham City Analyst revealed the case in his quarterly report, stating that the misadventure resulted from the combined use of two proprietary brands of household cleansers.

The housewife sprinkled two ounces of a powder cleanser on her bath, and then, anxious to get the surface as clean as possible, added about half a pint of a liquid.

There was lots of fizzing, but the woman had lost her sense of smell in childhood and did not realize a poison gas was being given off.

The gas was chlorine, which was used by the Germans in the last war. The woman fainted, came round again, crawled into the garden, and eventually recovered under medical treatment.

### ADDED TO TROUBLES

Notified by the telegraph office he had a collect telegram waiting, a financially embarrassed sergeant at Camp Roberts, Cal., borrowed the \$1.30 due to read this message from his wife:

"Please send \$10 home immediately."

Sparks from a piece of chromium steel held against a grinding wheel come in flower-like bursts; sparks from ordinary carbon steel go in simple, straight lines.

## Power Of Science

Our Aim Must Be To Improve Men And Not Machines

The power of science is producing day by day amazingly perfect machines which appear almost able to take the place of human intelligence. Of this the recently completed "automatic sequence-controlled calculator" is an outstanding example.

It is of vital importance to remember that machines however excellent are only machines, and that the human being who copies them or endeavours to imitate them in any guise is preparing for a machine-made life.

The man who is not a machine will read and reflect. He will reason and ask questions. He will turn to the world's wisdom in order to get help for the elevation of the plane on which his own life is to be passed.

If a practical plan can be worked out by which all training shall rest on liberal education even though limited, as a foundation, then we shall be opening the door toward progress in the world such as we have never yet been able to achieve. We must not turn from the education of men to the making of machines.

Assurance must be given that our educational system will do all that is possible to make liberal education in some form, however limited in time, the foundation as well as the ideal of all training of any kind. This will reduce to a minimum the number of skilled human machines who have never risen to be really men. Our constant aim must be men and not machines.—Address by Dr. Butler at Columbia.

## Girdles The Globe

India Has Powerful Short-Wave Station At Delhi

Ten times as powerful as any other All-India Radio short-wave station and giving a beam signal capable of girdling the globe, a new transmitter at Delhi has been broadcasting a 200-hour program since May 1. This is All India Radio's 100 kilometer short-wave transmitter. This new high-power transmitting station is located outside Delhi on a site extending over 300 acres of land.

## RECIPES

### DRUM STICKS MAKE AN ENTRANCE

One of the most delicious ways to serve round steak, veal slices or pork cuts is in the role of Mock Drum Sticks covered with a golden crisp coating of browned corn flake crumbs. The use of a crisp cereal in virtually all dishes calling for fine "crumbs" is a cooking shortcut that busy homemakers endorse. The toasted cereal flakes roll quickly and easily to crumbs of any desired consistency, add the cereal is always available.

Mock Drum Sticks (your butcher may be persuaded to wrap the slices of meat around the skewers for you) are dipped first in the crumbs, then in slightly beaten eggs and milk to which seasonings have been added, and finally, a second time in corn flake crumbs. The Drum Sticks are browned quickly in hot fat. A small amount of water is added, they are covered tightly and baked in a moderate oven (350 degrees) about one hour or until tender.

### Mock Drum Sticks

1 1/2 lbs. veal beef or pork steak, six skewers cut thin  
2 cups corn flakes  
1 egg  
2 tablespoons milk  
1 teaspoon salt  
1/4 teaspoon pepper  
3 tablespoons fat  
1/4 cup water  
Cut meat into strips and roll around skewers in the shape of drum sticks.  
Roll corn flakes into fine crumbs. Cover drum sticks with crumbs, then dip in slightly beaten egg to which milk and seasonings have been added. Roll again in crumbs. Brown drum sticks quickly in fat. Add water, cover tightly and bake in moderate oven (350 degrees F.) about one hour or until tender.  
Yield: Six servings.

A delicious salad dressing can be made by combining 1 cup cottage cheese, 3 tablespoons mayonnaise, 3 tablespoons catsup or chili sauce and 1/4 cup chopped olives. Served on head lettuce accompanied by plenty of crisp energizing crackers, it furnishes a light, but filling luncheon.

## ON YOUR FEET ALL DAY?

## Here a CWAC

There a CWAC

FOOD—

Sunday morning breakfast at the C.W.A.C. Training Centre, Ste. Anne de Bellevue, is an occasion of informality now. For the CWAC, instead of going on a formal breakfast parade, are allowed to start Sundays in a leisurely fashion in the recreation hall. Here tables are set with plates of butter, jam, marmalade and honey. A toaster is plugged in and bread, tea and coffee are provided across the counter by the canteen staff. Needless to say, this service is heavily patronized and, when the breakfast hour is over, uniforms are donned for church parade.

PERSONALITY—

The proud distinction of having actually steered a course on the famous "Bluenose" schooner whose trim lines have been reproduced on the Canadian ten-cent piece, goes to Pte. Agnes Demone, C.W.A.C. of Lunenburg, N.S. Pte. Demone is also distinctive in the fact that she graduated from Dalhousie University in Halifax, at the unusually early age of 19. Holder of a Bachelor of Science Degree, she was employed for two years prior to her enlistment in the C.W.A.C., both with the United Kingdom Technical Mission and with Dominion Engineering works at Dorval. She is stationed in Montreal, P.Q.

## SPORT—

Major Pearl Brent of Edmonton, Alta., Officer Commanding No. 103 Depot Company C.W.A.C. in Kingston, is a woman of her word. At the start of a recent league softball game in which personnel of her company were participating, she was giving encouragement to her team when Pte. A. Wezner of Saskatoon, Sask., asked the O.C. what the prize would be if she knocked a "homer." "The biggest steak dinner you ever ate," was the O.C.'s reply. In the fifth inning, Pte. Wezner knocked a line drive that would have done credit to a major leaguer and sped around all four bases for her homer. Back at the barracks, it took the biggest platter in the mess to hold the steak as it lay on a bed of salad and French fries. Major Bren, herself, carried in the platter and with fitting ceremony, presented it to the lucky private.

### FOR DOG OWNERS

It is unfair to the dog to permit him to become a tramp. Sooner or later he will be run down by an automobile, stolen, or possibly poisoned. It is also unfair to one's neighbor. Dog-ownership involves something more than buying a licence, feeding a dog and providing it with a place to sleep. It calls for thoughtful, kindly supervision and treatment of the family pet—plus respect for the rights of others.—Halifax Herald.

### SHIPYARD IMPROVEMENT PLAN

Capital assistance given by the British government towards shipyard improvement schemes now amounts to \$26,580,000. The plan covers development and modernization, including an extension of welding. The total estimated cost is \$38,870,000.

## SMILE AWHILE

Young Donald had told his favorite uncle that his mother was very funny about some things. When the uncle asked why he thought so, Donald said: "Well, when we have mice pie for dinner she asks me whether I will have some, but when we have spinach, she just gives it to me."

"What is a debtor?"  
"A man who owes money."  
"And what is a creditor?"  
"A man who thinks he's going to get it back."

The head of the firm was frowning over a letter. Calling for his chief clerk, he said, "That typist—you certainly didn't engage her on account of her grammar!"  
"Grammar," said the other. "When you were emphasizing the importance of grammar—well, I thought you said 'glamor'!"

The sergeant was equipping a recruit with a uniform. The trousers fitted perfectly, the coat might have been made for him and the cap was just right.  
"Man alive!" cried the sergeant, "you must be deformed!"

Father: "So you've been fighting again, have you? Then you go to bed without supper, young man."  
Freddy: "All right, dad; I've only got two teeth left anyhow."

Joe: "What's become of the Hikers' club?"  
Jim: "Oh, it disbanded. It was getting too hard to persuade passing motorists to pick us up and give us a lift."

Uncle George—So this is the baby, eh? I used to look just like him at that age. What's he crying about now?

Little Niece—Oh, Uncle George, he heard what you said.

A lady had been looking for a friend for a long time without success. Finally, she came upon her in an unexpected way.

"Well," she exclaimed, "I've been on a perfect wild goose chase all day long, but thank goodness I've found you at last!"

## If you suffer MONTHLY FEMALE PAIN

There's a satisfying flaky for every Canadian.

CHRISTIE, BROWN AND COMPANY LIMITED, TORONTO & WINNIPEG

# SAYS THAT THE FRENCH PEOPLE WILL HAVE TO DEPEND ON OWN EFFORTS TO RESTORE FRANCE

PARIS.—With bitterly worded reference to the lack of political single-mindedness among the Allies, Gen. De Gaulle told the French people they would have to depend "not on the benevolence of others," but on their own efforts to raise France to her former greatness.

In his first radio "freedom chat" to the French nation, Gen. De Gaulle said that while militarily united, "in other respects the Allies are states, each one of whom, while fighting the same enemies as we, pursues its own interests and makes its own policies."

The general, well known for his blunt speech, added, "Certainly many Frenchmen would wonder and grieve at the place to which the other great powers have actually relegated France in everything that concerns the conduct of the war and preparation for the peace."

Gen. Charles De Gaulle charged that "the other great powers are treating France with neglect" in planning the peace.

Gen. De Gaulle also declared that "those who thought Allied help would be rapid for the restoration of our industrial production have deluded themselves." He said France would take the greatest possible part during the remainder of the war.

"In spite of the terrible reverses suffered by the enemy," the general said, "he has been able to re-establish a front from Breda to Belfort. He is fighting hard in Italy. New efforts will be required."

## DARING DEEDS

Canadian Army Engineers Earn A Place In Fame

WITH THE CANADIAN ARMY IN HOLLAND.—In the dark terror that was the River Rhine on the September night when Britain's 1st Airborne Division was evacuated after nine days and nights of fighting, a field company of Canadian Army engineers earned a place in fame beside these heroes of Arnhem by evacuating some 2,500 of them across the river to safety.

The Canadians, under Maj. Michael Tucker of Montreal, rescued nearly 90 per cent of all the men brought out under a constant hail of enemy fire and in the most horrible weather.

Outstanding in this operation was Cpl. George I. Robinson of Regina and Sapper David McCready of Calgary.

"I was never prouder of a bunch of men," said Maj. Tucker. "Mortars and shells were falling all around them but they never flinched; they just unloaded and headed right back into it all for the other side."

Maj. Tucker had special praise for Cpl. George Robinson who led a section in constructing the bridge necessary for the operation, was responsible for the delivery of many storm boats to the launching sites and afterwards commanded a boat on six trips before it was put out of commission.

## Commander-In-Chief

Here is a new portrait photograph of Gen. Dwight D. Eisenhower, commander-in-chief of Allied forces in the European theatre of action.

## SHORTEN LINES

German High Command Speaks Of Having To Lose Ground

LONDON.—Lt.-Gen. Kurt Dittmar, spokesman for the German high command, voiced what may be the signal for Nazi armies to retreat to Germany's borders.

In his weekly broadcast, Dittmar said, "It is essential for us now to realize that at present no aspect is more important for us than the utmost shortening of our lines."

## BRITAIN'S AIR PLANS

Huge Network Between Britain And Europe Is Projected

LONDON.—Plans for a huge air transportation network throughout Britain and Europe have been drawn up by the British railways and sent to the government. It was announced in the house of lords.

The railways propose to operate 19 routes within the British Isles, debate on civil aviation brought out.

They contemplate flying 20,000,000 miles annually at the outset and progressively increasing that figure. The services would call for upwards of 100 airplanes to carry 25 passengers each, probably the DC3 type at first.

Lord Londonderry sharply criticized what he called Britain's lack of air-mindedness in the debate, and said the air activities of America were progressing on a prodigious scale.

Lord Beaverbrook, who intervened to make a statement on government policy, referred to the recent appointment of Lord Swinton as minister of civil aviation and said the government had created machinery likely to give satisfactory results.

The future of civil aviation, Beaverbrook said, will be determined not in Whitehall but in the factories and on the air routes of the world.

## NAZIS KILL CZECHS

NEW YORK.—The massacre of Lidice has been repeated in two more Czechoslovak villages, the Czechoslovak information service in London has announced. On Oct. 4, the hamlets of Solana Bana and Hulick, in Slovakia northeast of Presov were obliterated by the Nazis and their inhabitants were slaughtered, the information service reported.

# UNITED KINGDOM REQUIRES MORE BACON FROM CANADA THAN WE MAY BE ABLE TO SEND

## NOW IN BERLIN

Italian Gold Reserve Transferred To Germany Says Bank Governor

ROME.—Nichola Introna, governor of the Bank of Italy, testified that the Italian gold reserve was consigned to the Germans by his predecessor, Vincenzo Azzolini, who is on trial for his life.

The gold was transferred to Berlin this year by agreement between the Fascist regime of Mussolini and the Nazi government, the 77-year-old witness said. Azzolini is on trial on charges of collaboration.

Introna said about 50 tons of gold was taken to Berlin from Fortezza in February and that German orders to remove the remainder to the Nazi capital were being discussed early in June.

"I have no doubt it all has been transferred to Berlin," he said.

## EMBASSY IS BUSY

Dealing With Canadians Held In France During German Occupation

PARIS.—Canadian civilians stranded in France during the German occupation are keeping the Canadian embassy in Paris working day and night.

The names of more than 700 Canadians in France are on the files of the department headed by Lt.-Col. Unwin Simson, of Toronto, in charge of relief and rehabilitation of Dominion civilians in this country.

Some Canadians have been put in prison during the recent round-up of persons accused of collaboration with the Germans. It is the job of Col. Simson's staff to determine whether the accusations are false and if so to clear the names of the victims, some of whom are women.

## POPULATION DOWN

British Columbia Is Gradually Getting Rid Of Japanese

VANCOUVER, B.C.—George Collins, general superintendent of the British Columbia security commission, said that 414 Japanese have left British Columbia for eastern Canada since the beginning of 1944.

This reduces British Columbia's Japanese population at the first of this month to 15,643.

Since 1941 some 7,000 B.C. Japanese have left B.C. and now are living in other parts of Canada.

## OTTAWA.—The United Kingdom

will require more bacon from Canada than the Dominion is likely to be able to deliver in the years 1945 and 1946, even if large hog production is maintained, J. G. Taggart, chairman of the Canadian meat board, said in an interview.

The meat board has observed "with concern" reports indicating a decline in hog production is in prospect next year.

Even optimistic estimates indicate the Danish hog population is no more than 60 per cent of pre-war. This means a country which formerly supplied major quantities of bacon to the United Kingdom cannot hope to regain its old export position for at least a year to 18 months after feed supplies are imported following the war. When shipping and other transport will be available for such feed shipments after the peace cannot be forecast but it may be a considerable time.

Under agreement with the United Kingdom, Canada plans to supply 500,000,000 pounds in both 1944 and 1945, a total of 1,000,000,000 as a minimum.

Canada would like to be in a position to assure the United Kingdom that at least 9,000,000 pounds a week could be shipped, representing 75,000 hogs. This would require the hog population to be kept near its present level.

Mr. Taggart said it might be true that farmers on the prairies were inclined to produce wheat at the government price of \$1.25 a bushel, basis No. 1 Northern at Fort William, rather than concentrate on hog production. But wheat was one of the few North American surplus crops and the quantities to be bought by the Canadian wheat board at the government price might be restricted if domestic and export demand lessened in the next two years. With hogs there was the assurance of a continuing market for all that could be produced.

## GERMAN ACE KILLED

LONDON.—The death in action of Germany's "most successful night fighter," Lt.-Col. Helmut Lent, credited with 102 aerial victories, was announced by Berlin. Hitler ordered a state funeral for the squadron leader and Reichsmarshal Goering praised him as "a pioneer of German night fighting," the broadcast said.

# PRELIMINARY ARMISTICE TERMS OFFERED BY UNITED NATIONS ARE ACCEPTED BY BULGARIA

LONDON.—Bulgaria has accepted preliminary armistice terms from Russia, Great Britain and United States, Moscow radio announced.

The Moscow announcement said one of the preliminary conditions was that all Bulgarian troops in Greece and Yugoslavia must be evacuated within 15 days.

The move was apparently a speedy result of Moscow conferences between Marshal Stalin and Prime Minister Churchill.

Simultaneously, a Cairo broadcast heard here by the Associated Press said Bulgarian troops in Greece had already received their orders to withdraw.

Tripartite military commission under the chairmanship of a Russian representative will check and supervise the evacuation of Bulgarian troops and officials from the occupied territories, the Moscow announcement said.

Evacuation of the Greek and Yugoslav territories—which Bulgaria obtained in her former partnership with Germany—must start immediately.

In the British House of Commons the Minister of State, Sir Richard Law, said that a limited evacuation had been started by the Bulgars from the territories which, he said, "they filched and robbed from the Allied nations."

The Russian announcement indicated final armistice conditions for Bulgaria will not be settled until she fulfils the preliminary terms of withdrawal.

Allied governments, through the European advisory commission, have been considering these armistice conditions since Sept. 9, when the Russians ended hostilities against the Bulgarian army after a one-day war.

The Russians have been busy in Bulgaria rounding up Nazi officials and pro-German elements who had launched the country on a road of territorial aggrandizement with Hitler's help in 1940.

## WILL FIGHT IN PACIFIC

PARIS.—France is going to fight alongside the Allies in the Pacific war not only for the liberation of Indo-China but until Japan is vanquished, Colonies Minister Rene Plevin said a press conference.

## FORMS NOW READY

Application Should Be Made For War Service Gratuities

OTTAWA.—Application forms for war service gratuities now are available at all naval, military and air force units and establishments in Canada and at all district and sub-district offices of the pensions department, defence headquarters announced.

In making the announcement, headquarters urged that honorably discharged members of the active service forces and dependents of deceased members of such forces apply immediately for the gratuities provided under legislation passed at the last session of parliament.

## Gives The Victory Sign

Prime Minister Winston Churchill and Mrs. Churchill are shown upon their arrival in England on the Queen Mary. They had just returned from the Quebec conference with President Roosevelt. According to the prime minister that V for Victory sign he gives may not be a reality in the fight against the Germans before 1945.

# ROOSEVELT SAYS POLAND MUST BE RECONSTITUTED AS A STRONG AND GREAT NATION

WASHINGTON.—President Roosevelt said that Poland must be "reconstituted as a great nation" and told a group of Polish-American leaders that "world opinion is going to back up that objective."

The White House issued an exchange of remarks between Mr. Roosevelt and the leaders of the Polish American congress after the congress delegates presented him a memorial urging that Poland's territorial integrity be preserved.

"You and I are all agreed that Poland must be reconstituted as a great nation," the president told the head of the Polish American congress, Charles Rozmarek of Chicago.

"Of course we should all bear in mind that nobody here has accurate information about everything that is going on in Poland. Even I, as President of the United States, with access to all of the information that is available, am not fully informed of the whole story."

"The broad objective which we all seek is excellent. I am certain that world opinion is going to back up that objective—not only to reconstitute Poland as a strong nation, but also as a representative and peace-loving nation."

## VISIT CANADIANS

Legion's League Club Inspected By The King And Queen

OTTAWA.—King George and Queen Elizabeth renewed acquaintances with several Canadians in Edinburgh recently, when they visited the Canadian Legion's Canadian League club there.

Met by Maj. J. H. Wallace and Senior Superintendent H. A. D. Mills, of Moose Jaw, Sask., Their Majesties inspected the club. Practically every Canadian they met in the club recalled having taken some part in the ceremonies attending the Royal Visit to Canada in 1938.
